Luvalle Independent Study - Overview and Goals

Pranav Tikkawar

September 22, 2025

Contents

1 Questions

- What is the end goal: Paper, Project, etc.?

- What are the steps to reach that goal?

- How do I approach each step?

- What resources do I need?

Interested in:

- Copulas

- Stability for systems of SDEs

2 TODO for this week

- Tranfer to the continuous case

- Look at the paper on Reliability.

3 Notes

3.1 Acceleration Transforms and Statistical Kinetic Models
